

Let's face it...

Environmental cleanup projects aren't that glamorous, especially when dealing with spills, hazardous materials, asbestos, lead, meth, or mold. *That's o.k. with us.*

Custom Environmental Services, Inc. (CES) specializes in emergency response, environmental, abatement, and industrial vacuum services that keep our environment clean, healthy, and safe — no matter how messy things get. Our *hands-on approach, rapid response, and focus on safety* allow companies to be confident when using us for their contracting, compliance, and cleanup needs.

We have a *proven track record and reputation* in environmental remediation projects, highway, railroad, and industrial incidents, and emergency response situations with an excellent Experience Modification Rating (EMR).

We are headquartered near Denver, Colorado and serve local, regional, and national clients. Our client base includes:

- ♦ Commercial property owners
