CUSTOM ENVIRONMENTAL SERVICES LAUNCHES NEW WEBSITE UNVEILING REFINED LOOK AND IMAGE

DENVER – Custom Environmental Services, Inc. (CES), a nationally recognized full-service, hands-on environmental contractor with offices in Denver and Colorado Springs, has launched a new website that unveils the company’s refined look and image. The CES website address is www.customsvcs.com.

The new website is more informative, user friendly and graphically appealing. It includes striking images that portray the company’s service offerings and environmental cleanup expertise. It contains sections on emergency response, asbestos and lead abatement, mold remediation and a press section where members of the media can get a CES press kit, the latest company announcements and browse streaming video of broadcast news coverage.

“We’re thrilled to launch this new website as it will serve as an additional resource for current and prospective customers to learn more about our company and what we offer,” said Gerald Marks, president of Custom Environmental Services.

As part of its new look and image, CES has also produced a capabilities brochure that is available in either print or electronic pdf. format.

Custom Environmental Services, Inc., was established in 1998 and has since become Colorado’s hands-on environmental contractor, providing unsurpassed quality in stressful situations. The company tailors its services to each individual customer and unique situation with quick response time and a focus on safety and prevention. CES offers 24-hour, 7 day-a-week emergency response, asbestos and lead abatement and mold remediation, as well as other environmental health and safety services. For more information, log on to CES’ website at www.customsvcs.com.
